Contact: Ms. Christine Livingston

Year: 2007-2008

Project: Stormwater GI BMPs

Project Type: Installation

Williams Creek Management provided natural resource construction services for Green Infrastructure Best Management Practices (GI BMPs) at the Porter County Indiana Visitor's Center. The site serves as an educational opportunity demonstrating the use of two stage ditches, raingardens and bioswales for improved water quantity and quality control. Services provided include:

- Finish grading of 31,515 square feet of area
- Installation of 5,385 native plugs
- Installation of 8 trees
- Installation of 73 native shrubs
- Installation of 583 cubic yards of top soil
- Installation of 3,399 square yards of erosion control blankets
- Installation of 4,850 square feet of native seed mix
- Installation of 600 linear feet of stone curtain
